

112 is the general emergency line throughout the European Union (similar to the 911 in the USA) . It is used for large scale emergencies. The calls are answered in Czech, English, German, Polish, Russian and French. The number can be dialed from any phone and the call is free. This number can be used for urgent help from Police, Fire Brigade or emergency medical assistance.

Emergency numbers that can be dialed directly:

Fire brigade - 150

Medical Emergency - 155

Prague City Police - 156 (Municipal Police)

Police - 158

The police number are important and useful numbers in case of car trouble or for road services. Please wear a yellow vest while experiencing road difficulties.

Towing service - 154

Emergency road service - 1230 Or 1240
